#### **COUNTY FACILITIES – CENTRAL MAINTENANCE**

### **Department Overview**

The County Facilities Fund was established to track expenses for each building. Costs include cleaning, repair, heating, cooling, upkeep and other costs associated with each building. As directed by the County Administrator the Facilities Department's primary responsibility is the day-to-day operation of county buildings, inclusive of the Courthouse, Detention Center, Law & Justice, Guenther Memorial Building and Courthouse Annex.

The ½ time Facilities Manager is responsible for the activities and expenses associated with maintaining county buildings. Included in the budgeted is money set aside and charged during the current and previous fiscal years for the \$.95 / sq. ft. departmental assessment for capital projects. This money is deposited into the county's Capital Projects Fund. The CIP Committee and County Administrator recommend disposition of this money based on individual building needs.

The FY 2010 Budget shows a slight decrease in the Departments Operations Budget, which is funded through building maintenance charges from each department and the City of Bozeman, located in a county building. The Facility budget is approved prior to the beginning of the budget process to allow departments the ability to budget for any increase in fixed costs. The budget is approved by the County Commission in April of each year.

#### **County Commission Goals/Department Response**

The County Commission established a set of overarching goals for the county government. Listed below are the County Commission's goals, followed by the methods by which the County Facilities-Central Maintenance is striving to fulfill those goals.

#### **Exceptional Customer Service**

- Departments see Facilities Services as value added to the Departmental functioning.
- Opportunities for potential future employees to gain professional supervised experience at a cost effective process.

#### Be Model for Excellence in Government

- Departments are adequately informed of service contract provisions.
- Some County work tasks are accomplished at a significantly reduced cost.
- Continue E-mail work order process that allows for user friendly progress status reports.
- Departments sufficiently understand the cost of their requested services.

#### **Improve Communications**

- Follow-up with departments on contract issues(i.e. Janitorial Services).
- Departments sufficiently understanding cost of requested services by providing cost estimates and/or price quotations.

#### To be the Employer of Choice

• Safety focus within the facilities work place environment is pervasive.
